Motion Regarding Subcommittee on the NCHSAA

I move that the committee authorize the co-chairs of Government Operations to appoint a subcommittee, in accordance with G.S. §120-19.7 and Article 13 of Chapter 120, to further examine issues concerning the administration and management of the North Carolina High School Athletic Association, and the oversight and supervision of interscholastic athletics in North Carolina public high schools. I further move that the subcommittee report back to the full Commission at an appropriate time or times to be determined by the sub-chairs.
